

About Motov8

Established in 2001, Motov8 endeavours to create a secure and safe learning environment where the educational and emotional needs of each individual are addressed and the opportunity for progression is maximised.

The charity has a proven and highly respected track record in raising standards and achievement through learners gaining qualifications and improving interpersonal skills. Our success is based on providing individual learning plans (ILP) which set clear but achievable targets and by providing on-going support and encouragement. Our goal is to expand opportunities for young people and equip them with the tools for a successful working life.

We pride ourselves on forming good working relationships with referral agencies, awarding bodies and other specialist providers in order to promote a holistic approach to education and a positive framework for achievement.

Working in close partnership with Kidderminster College we have developed new and innovative approaches to maximizing progression opportunities for our learners. With centres in Worcester, Hereford and Kidderminster, we offer young people continuous progression from Entry Level through to full Level 3 courses in Motor Vehicle.

"Motov8 makes learning fun"

All of our vocational courses are underpinned with Functional Skills and Personal Social Development (PSD).

Functional Skills are those core elements of English, Mathematics and ICT that provide an individual with the essential knowledge, skills and understanding that will enable them to operate confidently, effectively and independently in life and at work.

PSD helps learners to develop skills that will prepare them to look for, obtain and maintain employment and supports them in their preparation to make the step from education to work life.

"Motov8 gave me a second chance when no one else would"

Motov8 is an approved assessment centre for a number of leading awarding bodies and we are particularly proud to be a centre for the IMI Awards Ltd, the leading awarding body for the retail motor industry. IMI offer an unrivalled range of motor industry qualifications that demonstrate skills and competence and form the foundation for a successful career.

Motov8 works closely with the IMI in order to provide quality learning experiences for our students with clear onward progression pathways. Our success has been recognised by the IMI at its annual Outstanding Achievers Awards with awards for both the charity and our learners.

"Motov8 operates to very high standards and provides all its candidates with excellent support and guidance whilst ensuring that the teaching and learning environment is encouraging, rewarding and positive."

- Gary Hewardine MIMI Cert Ed (FE), Lead External Verifier, IMI Awards Ltd

"Motov8 gave me a direction in life"

From our students:

"Motov8 gave me a second chance when no one else would"

"Motov8 makes learning fun"

"Motov8 gave me a direction in life"

"Motov8 helped me to be more confident"

"Motov8 gave me life skills as well as qualifications"
